

Head of the department:

Nazirova Elmira Shodmonovna

Reception: Monday-Friday (15:00-17:00)

Phone: (0 371) 238-65-99

E-mail: e.nazirova@tuit.uz

"Multimedia Technologies" department was established in accordance with the Decree № 1070 of the Tashkent University of Information Technologies on November 21, 2011, in order to implement the Resolution of the Academic Council of the Tashkent University of Information Technologies (Decision # 3 (609) of 27 September 2011).

Every year about 100 undergraduate students on "Multimedia Engineering" fields related to the Department of "Multimedia Technologies" will be able to complete their internship, practice and course works. More than 50 undergraduate and 10 graduate theses are defended under the guidance of professors.

Bachelor degree

5330500

Computer engineering (Multimedia technologies)

Master's degree

5A330501

Computer engineering (Multimedia and Information technologies)

Subjects list

Subjects for undergraduate student's:

- Web-application development
- Web-programming
- Web-design
- Computer game development
- Computer animations
- Multimedia engineering
- Multimedia design
- Multimedia content development
- Introduction to Multimedia
- Audiovisual perceive models
- 3D technologies
- Java programming language and Java game development
- Creative engineering
- Virtual reality

Subjects for graduate student's:

- Multimedia project

- Multimedia information systems
- Computer vision

DEPARTMENT'S PROFESSORS

MULTIMEDIA TECHNOLOGIES DEPARTMENT

N ^o	Name in Passport (First Name / Last Name)	Position	Subjects	Related Department	Contact Information Email/Phone
1	Nazirova Elmira	Assistant professor	Web applications Multimedia systems design Web programming	Multimedia technologies Department	elmira_nazirova@mail.ru +998935096466
2	Aripova Zulfiya	Assistant lecturer	Web applications Web design Web programming Entering to Multimedia Game developing Virtual reality	Multimedia technologies Department	mezulik@gmail.com zulik_zulik@mail.ru +998903234922
3	Abidova Shaxnoza	Senior lecturer	Web applications Web programming Multimedia databases	Multimedia technologies Department	shaxnoza23@mail.ru +998935802084
4	Tajiev Janibek	Senior lecturer	Web applications Java programming language and Java game development Web programming Computer game development Multimedia mobile	Multimedia technologies Department	tajievjanibek@gmail.com +998909476358
5	Artikova Muazzam	Assistant professor	Introduction to multimedia Multimedia systems design Virtual reality	Multimedia technologies Department	muazzamxon@mail.ru +998977713367
6	Bahriyeva Xurshida	Senior lecturer	3 D technology Computer animation Creative design Web applications Multimedia engineering Web programming	Multimedia technologies Department	adish_adisha@mail.ru +998909269292
7	Ganiev Akmal	Senior lecturer	Web design Web programming Introduction to multimedia	Multimedia technologies Department	Akmal173@mail.ru +998998386730

SCIENTIFIC AND PRACTICAL COURSES OF THE DEPARTMENT

- «O`zbekkino» national agency

ONGOING FUNDAMENTAL AND INNOVATIVE PROJECTS ON MULTIMEDIA TECHNOLOGIES DEPARTMENT

- Development and research of algorithmic methods for solving classes of multidimensional nonlinear problems of mathematical physics for domains of complex configuration
E.Sh.Nazirova - Project manager

SCIENTIFIC-METHODICAL WORKS OF THE DEPARTMENT

- A.Sadullaeva, M.A.Tashpulatov, R.X.Xaliknazarov, Sh., A.Alishev " Numerical Methods" monograph
- B. Toshpolatova E.Sh.Nazirova "Working on internet" A complete guide for professional colleges
- A. Karimova M.B.Zaynidinova E.Sh.Nazirova Sh.Sh.Sadikova " Fundamentals of System Analysis" Textbook for students of higher education institutions
